From the General Manager

MARK REID

After a short, but much needed, respite from COVID-19 mandates this summer, we are now back in the reality that we must navigate the Delta variant and any other mutation of the virus that could affect our region.

There is obviously a lot of information and data out there that we are trying to digest right now and I am working with legal counsel to identify our obligations and limitations under the law.

We have the duty to do our best to provide a safe workspace to our employees and our members while they are here at the Club. While we discuss our way forward and present our recommendations to the Board of Directors at their meeting on August 12, our current COVID-19 guideline is: *"The LPOA and The Lakewood Oaks Country Club strongly encourages non-vaccinated residents and resident/non-resident golf members who visit the offices, golf shop, or food and beverage areas to wear a mask."*

Returning to Excellence

The best way to sign up for an event and/or find out the results of a past tournament, go to the LOCC website and navigate to the “Event Central” tab. You should be able to find information about all golf events past and future. If you are having difficulty navigating the site, please contact the Golf Shop.

Caution in August

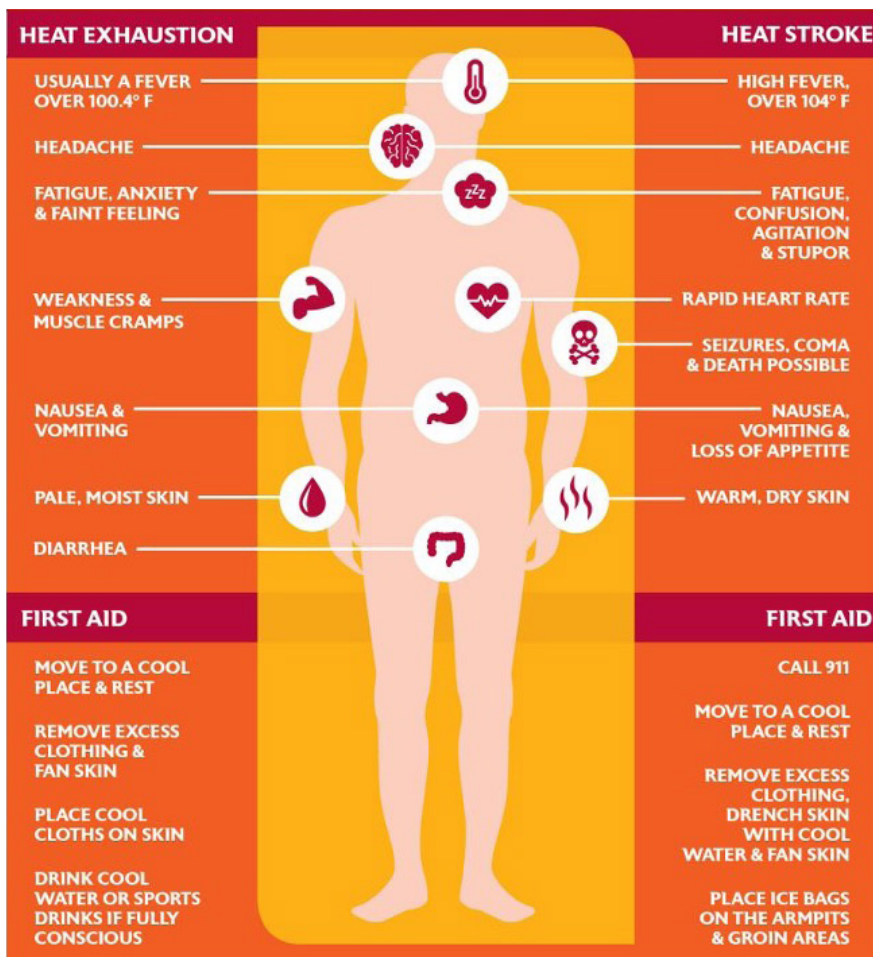

KYLE PIEDIMONTE, ASSISTANT GOLF PROFESSIONAL

Heat Exhaustion Warning Signs

Heat-related illnesses such as heat exhaustion, heat stroke and cramps happen when your body can't keep itself cool. As the temperature rises, your body produces sweat to stay cool. On hot, humid days, the increased moisture in the air slows down this process.

Air temperature isn't the only factor. Humidity can play a role in how your body cools. The heat index measures the air temperature plus the effects of humidity. If the temperature is 90 degrees, for instance, and

the relative humidity is 70%, the air feels as though it's 106 degrees. A heat index of 90°F or higher calls for extreme caution. High humidity makes it harder for sweat to evaporate from the body. Prolonged exposure to high temperatures increases your risk of heat-related illnesses.

FRANK CASCONI, CLUBHOUSE MANAGER

Thank you for your support of the Bottle-To-Can improvement in the Clubhouse and Golf Course. We are almost fully transitioned, and the benefits have already been noticeable. Bear with us as we continue onward towards a better Country Club. I hope to see you around the Clubhouse soon enough.

Make sure to join us at The Argyle for a night of fine dining! We have new beautifully designed menus that my team and I have worked hard to produce.

Wine of the Month

CARL GRAFF

Our August wine of the month is none other than Fleur Chardonnay Carneros Select 2018. Originating in the Carneros region, notorious for its superior Chardonnay selections, this bright and light wine was a Double Gold Medal winner before it was even released. If you are looking for a mouthfeel that is perfectly balanced with an accent of perfume of French oak vanillin and the undeniable taste of a pear and apple combination, you have reached your destination.

Fleur 2018 holds a special place in our hearts here at Lakewood Oaks, as it is the chosen wine to represent our ladies at the 2021 Le Fleur tournament. Make sure to look out for more updates about this premier tournament taking place on September 8th through the 10th at Lakewood Oaks Country Club.

ANNOUNCEMENT

Aerification was completed on the fairways. All went smoothly!

WGA

GOLF—It is a curious thing. Chasing this little ball around. Seems rather tedious, maybe boring to you non-golfers, yet, so addicting, infuriating, and intoxicating for the golf lover. I am the latter. There is nothing I would rather do. Perhaps part of the attraction is spending 4 hours together with great friends, or maybe your family. Lakewood is a great place to play this game of golf. I have been fortunate to have found great golf buddies, but more importantly, good friends! I encourage you to give it a try!
