## *From the General Manager*

MARK REID

The soggy month of April and continuing to May has made for less than optimum golf conditions, but the benefits are great and will be very noticeable over the next month. As most of you have seen, we are putting down truckloads of new sod and the cool weather and rain has made for the perfect environment for the sod to knit and become stable and healthy. Obviously, as we get into June and finish the project, we will not be as fortunate and we will have to water the new areas frequently. I truly believe the course will be at its best condition in many years thanks to all the work that is going on right now with our contractor as well as Steve and his awesome crew. I have inspected the new Billy Bunkers right after a heavy thunderstorm and it is very pleasing on how fast they drain and become play ready...

DISH OF THE MONTH: THE ARGYLE

# Wine of the Month

CA' DEL SARTO – PINOT GRIGIO

We are proud to feature two wines for the month of May: Gen 5 Merlot & Old Vine Zinfandel. As the name indicates, the Lange twins have been in the winemaking business for five generations: where sustainable growing practices are at the core of their method. The Merlot's aromas of ripe dark fruit will pull you right into the glass. Smooth and spicy, fruits of plum and blackberry are wrapped in a silky finish. The Old Vine Zinfandel has a peppery, dried-herb aroma which is balanced by rich chocolate and blackberry flavors.

## *Turf Tip*

STEVE GRIESINGER,  
GOLF COURSE SUPERINTENDENT

By the time you receive this article we should well past half way on the bunker renovation. Hopefully be in the middle of the total hole change for #12. The last few weeks we have applied the crabgrass preventer to all the roughs (90 acres). As you may have noticed when you and/or your lawn care company applied the treatment, the herbicide was extremely expensive this year! So the next application for our roughs and maybe your lawns will be to attack those turf damaging GRUBS! We will be spraying the roughs, fairways, and greens with insecticide for this nasty little grub worms in early to mid-June. **Hope to see you on the course!**
