We have just over a month before our next golf season begins, and we have much to look forward to. The demolition stage of the Clubhouse has ended, and now begins the repair and renovations—slowly but surely we will see the building come back together, not just the way it was before, but better. Remaining committed to a positive outlook for 2023—while parts of the Clubhouse are out of commission—the Billy Bunkers installed in 2022, the new line of John Deere mowers and tractors and a larger course maintenance budget will all contribute to a more enjoyable course to play on this year. This in addition to the numerous golf events we will host throughout the season and provide the best an Oaks membership has to offer. We look forward to seeing you all out on the course.

# Wine of the Month

FERRARI-CARANO CHARDONNAY & BANSHEE PINOT NOIR

We have not one, but two new wines available at the Argyle to fall in love with this month! The Ferrari-Carano Chardonnay and Banshee Pinot Noir. The Banshee Pinot Noir is an exciting, yet friendly wine, bursting at the seams with aromas of tart cherries, pomegranate and notes of earthy pine. The Ferrari-Carano Chardonnay is comprised of grapes from 60 different vineyard lots in Sonoma County that are blended together to create one full-bodied, delicious Chardonnay with aromas of citrus, pear, vanilla, graham cracker and buttercream. We hope you will try them at the Argyle this month!

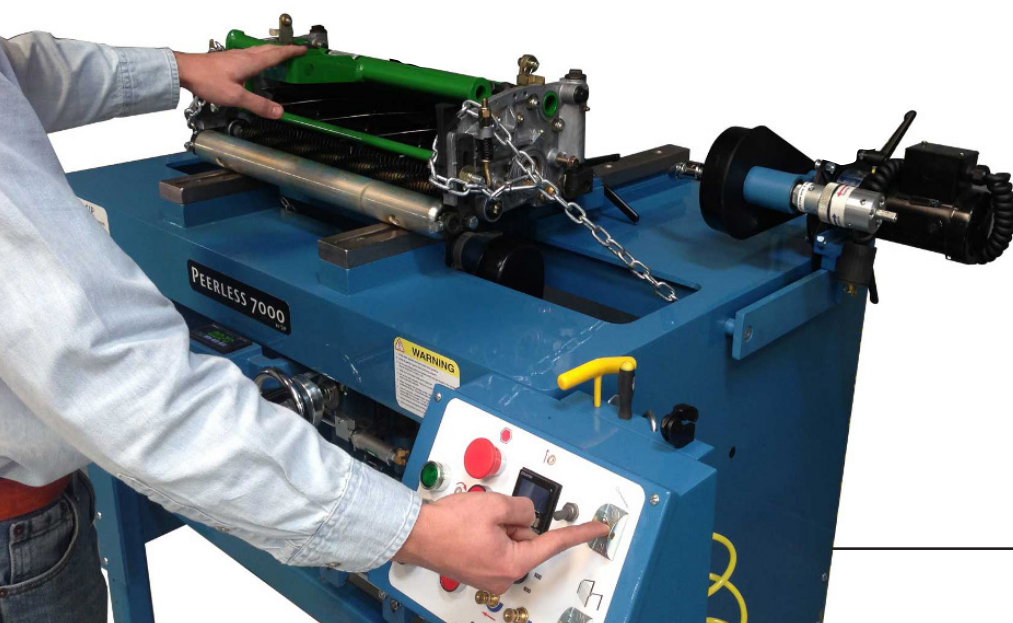

## *Turf Tip*

STEVE GRIESINGER,  
GOLF COURSE SUPERINTENDENT

---

As we do every winter before the season, it begins with a “grind”, literally. We have approximately 30-reel type cutting units. Some mowers have three per mower and some have five. These reels will need to be un-installed from their machines, torn down to replace bushing, bearings, bed knives, etc. We will then relief grind and spin grind. Then grind brand new bed knives for each unit so they are razor sharp and re-installed back on the machine. We will maintain the precision edge throughout the season by back-lapping and touch up grinding as the bed knives wear. With the support of the Club, we were able to purchase new grinding units this past year, which has been tremendous advantage for us with new technology the process should be more precise and faster, but for sure quieter. So for the next several weeks the shop will be singing to the sweet sound of metal on metal.
