From the General Manager

MARK REID

We are in the height of summer, and membership continues to be at maximum level and the course is looking great. We know that we will see some stress ahead as we get into the high heat of summer should we continue on with drought conditions.

This year's Summer Classic was a success, and the weather was on our side. We are grateful to our staff and the ones who volunteered their time and talents to planning it, and working during the tournament. I offer my congratulations to our flight champions, horse race winners, and to our Grand Champion Shootout winners Mike Ryan and John Lovell. We had a fantastic group of players this year.

Something I wanted to note as the season carries on is a reminder about cart usage. It is expected that players may only drive LOCC fleet carts within the perimeters of the course and on the streets only at designated crossings from hole to hole. Driving LOCC carts off-course, for instance, down to the strip mall off Lakewood Blvd., or through the neighborhood, or parking it at someone's home, is not allowed. If you are caught...

Golf Like a Pro

BRIAN BATEMAN
HEAD GOLF PROFESSIONAL

In golf, Pace of Play is an often talked about topic and if not adhered to can become a hot topic. Lakewood Oaks has been rated by the United States Golf Association for proper Pace of Play (see below). There are always numerous factors that play into pace of play on a given day and it always can't be perfect. However, there are also 3 helpful things very specific to Lakewood that might help you keeping proper pace while at the club.

Our first major checkpoint at Lakewood comes on the tee box at Hole #6. Your group should be teeing off on #6 almost exactly one hour after your tee time (see chart below).

Next you will notice that you should complete Hole #9 2 hours and 1 minute after your tee time and Hole #10 2 hours and 15 minutes after you starting time. Obviously, in between those holes you will stop by the clubhouse at "The Turn". With only 14 minutes to "Turn" and complete Hole # 10 time management is important. Here are couple "Do's and Don'ts" at the turn:

DON'T

Go Hit Range Balls
Wait to order food or drink from the Pub
Plan on Eating in the Pub

DO

Pre-Order food or drink from
Pub (on #9 tee)
Use restrooms or refill water
in an efficient manner
Take your food and drink and eat
in the cart as you play #10

With the ever-evolving golf handicap systems (USGA GHIN & World Handicap System), ClubLife publication will have a dedicated section each month going forward. This month we will take a look at 3 different scenarios in which a player does not hole out on a hole during their round. Click the link below and watch a very short video that should clarify what to do in each instance.

If you have any questions about the handicap system, please contact the golf shop or visit the USGA website <https://www.usga.org/content/usga/home-page/handicapping.html>.

Wine of the Month

CARL GRAFF MOSEL RIESLING

Lively and refreshing, this German Riesling is a fragrant bouquet with flavors of apples and peaches. A distinctive mineral tone and a crisp, mouthwatering finish. Pairs well with salads, light seafood, spicy cuisine, aperitif, perfect for the summer heat. Try it through the month of July at the Argyle!

Turf Tip

STEVE GRIESINGER,
GOLF COURSE SUPERINTENDENT

In the month of July, we will begin the process of aerifying the fairways and tees.

With over the 30 acres of Zoysia, Club events, and weather, this process will take a while. You may see a few holes done then in another couple of holes done the next week so we can still maintain focus on greens and overall maintenance practices. This cultivation will really help with overall turf health of the fairways, promoting air, water, and relieving compaction. With our new equipment package, we acquired a machine to harvest and pulverize the aerification plugs. We are really looking forward to see how well this machine can perform. Therefore, during this process, cart traffic may have to be restricted to the path, and that will depend on the rain events and irrigation cycles. As you can imagine while doing this it will be difficult to water the fairways with the necessary water they need without creating a big muddy mess. Thanks for the patience and understanding while we work through this necessary evil. Thank you!
