From the General Manager

MARK REID

We have just finished another election season in Lakewood.

As most of you know, each year, we elect three (3) new board members to a three year term. Most of you also know that once the Lakewood Property Owners Association elects Board members, they also become Board members for the Lakewood Holding Company (LOCC).

This year some wonderful people stepped up and entered the process to potentially be elected to the Board. But with every election, there was some electioneering and with that came some inaccurate information about the Lakewood Oaks Country Club as well as the Lakewood Property Owners. Staff has worked hard to fulfill our roles as the arbiter of truthful information about the two (2) respective companies. We in turn put this information on the LPOA website, in the Transparency Section so we...

We are still experiencing some minor hardware and software issues with GPS on the carts, but overall the Pace Technology GPS system is fully installed. Our next step is to optimize the geofences on the golf course. Due to drift from solar storms, we cannot be pinpoint accurate in our positioning of those perimeters. As we continue to collect data and adjust please let us know if your cart shuts off somewhere that you think it should not have so that we can adjust that area.

There are a few additional capabilities of the system that we will be adding over the next month. Now that we are back to having one cup on each green, staff will begin using the TRUPIN device to accurately mark hole locations each day. This data will automatically update with GPS so that members and guests will have yardages to the flagstick and not just the center of the green. We will also be adding a menu for St. Andrews Pub so that you can order from the golf course and have your food ready for you when you get to the Pub.

It is already very apparent that the benefits of these GPS units far and away outweigh any slight inconveniences that they may cause. Please contact the golf shop if you have a question about or experience a problem related to the GPS in your cart.

Argyle Inspiration

This gorgeous, colorful salad takes late-winter produce like thinly shaved beets, carrot ribbons, and clementine and dresses them up for spring with a citrus-scallion vinaigrette. Crisp arugula serves as the base for this bright, earthy salad.

Drink Special

CUCUMBER LIME MARTINI

Join us at the Argyle through the month of April, and try the refreshing cucumber lime martini for the start of the warm weather! Fresh cucumber and tart lime make for a great pairing, and would go well with our Taco Salad, Fajitas, or Southwest Style Eggrolls.

Turf Tip

STEVE GRIESINGER,
GOLF COURSE SUPERINTENDENT

April is a dicey month for warm season turf grass. With unusually warm February and March temperatures, the zoysia grass can take a hit as it is starting to transition out of dormancy too early. Therefore, if we happen to catch a late snow and/or hard freeze, dissection will likely happen, so let us hope this is not the case.

Since we moved Number 12 tee box back to its original location, it has allowed us to mow down a nice area to create a zoysia nursery in front of the old 12-tee box, which we did last year. Now that is ready we are able to cut and use our own sod to correct some more thin areas in the fairways. This is a big savings and benefit of not having to buy sod, since we are in control of the height of cut and agronomic practices and we can lay it a little earlier not having to wait on sod farms. Since there was several areas on 13, carts will remain on the path until we can actually mow those areas a couple of time. So please be cognizant of all the sodded areas that are marked with your carts. Thank you!
