From the General Manager

MARK REID

We are gearing up for another competitive and fun Summer Classic event. In spite of the 80 mph winds that blew through the course, causing havoc with our trees, the course is looking great. The Maintenance Staff and our contractors have done a great job getting a very large amount of limbs, leaves, and broken trees cleared from virtually all of 125 acres.

We wish all the members and their guest playing this year the best of luck. With our new GPS System, we will be restricting areas of cart travel that in the past were used for the Horse Races. We can all agree that preservation of the course through limiting cart access has already shown improved course conditions. Please help us as well as we enforce our dress codes and any other rules and regulations of the Club. It is very important for all members to have re-reviewed the updated rules and regulations and sign the acknowledgement letter and send to kem@logc.org. We are slow rolling the compliance part of the process of enforcement will escalate starting next month per the amended rules and regulation. We are going to start demolishing the observation deck this month. The Board has approved a contractor for a new extended deck. We are now working with that contractor and the Board will be asked to review an additional extension over the cart path in the June 13, 2024 Board Meeting. We appreciate you all. Everything is going great and we hope you are having a wonderful summer.

Wine Special

ZESTOS GARNACHA TINTA

Join us any Friday or Saturday during the month of June at the Argyle to try our wine special at 1/2 price—the Zestos Garnacha Tinta. Zestos old vine is produced from Garnacha vines that were planted as far back as 1950 in the high elevation vineyards of San Martin Valdeiglesias, which is northwest of Madrid. Today San Martin produces some of the most floral and mineral-driven Garnachas in all of Spain. This wine features flavors of juicy blueberry, black raspberry, candied violets, and is all around an easy drinking wine!

Turf Tip

STEVE GRIESINGER,
GOLF COURSE SUPERINTENDENT

As the summer months begin to take their toll on the greens, we will be hand watering more and more to help prevent localized dry spots. We will combat LDS not only with hand watering, but with wetting agents, spiking and needle tine aerifying the greens. So please be patient if you see staff on the green watering during your round. They will move their hose out of your way quickly.

Thank you!
