How long have you lived in Lakewood?

April 2023

Board members serve on both the LPOA and LHC Boards. Please list your involvement, if any, with either organization:

Describe any training, education and/or experiences that you can bring to the Board:

I have 25 years in the Information Technology industry. Most recently serving as Director of I.T. I am well versed in global decision making. I base decisions off facts, research, and intended result. I bring a "find a solution" mind set.

What was your motivation for becoming a candidate for the Board of Directors?

This is a wonderful neighborhood, but there are opportunities to be a great one. I enjoy being involved in the Lakewood community. I believe in taking action. I presently serve on the Security and Activities committees. As well as, co-chair for Lakewood Shores Villas.

What impression would you like potential homeowners to receive when visiting Lakewood, and what are your suggestions to achieve those goals?

I want the impression of envy. I want them to see the amenities, community, and natural surroundings. I want them to feel like this is "home". We can achieve this by enhancing our amenities and community offerings. We need to appeal to our diverse neighborhood demographics.

From LPOA Policy 21, Election and Balloting Procedures:

Election Committee will work with LPOA communication staff to create a 1-2 page handout on each candidate that will also be posted on the LPOA website during the election season. This will include a photo, short bio, key points from candidate's application, participation on/in Lakewood committees or activities, and a listing of all Lakewood citations within three years of petition of candidacy. If a candidate was previously on the Board of Directors, it will list the dates served, whether appointed or elected, and whether the candidate fulfilled the full term of the election or appointment. It will also note if the candidate was ever previously removed from the Board.

(Young families, empty nestors, retirees, children, wealthy, and middleclass.)

Have you had a chance to review or become familiar with the Lakewood ENVISION Strategic Plan? How do you see yourself supporting or contributing to the goals of the plan as a board member?

Yes, I took the survey and read the Ripples publications. I cannot speak to how I would contribute without detailed info.

I understand there is a significant amount of data and analysis involved. I fully support learning more about the specifics needed to implement "Envision". I have a solution

What do you hope to accomplish over your 3 year term? Driven mindset.

I hope to help usher in a positive sense of community within Lakewood. Improve our amenities and find opportunities to reduce overall expenses.

Please tell anything else about yourself that you would like your neighbors to know:

I moved to Lakewood because of the offerings. I enjoy raising my two boys here. I appreciate the sense of community. I don't worry about my kids moving about the neighborhood. Lakewood has been welcoming. Being part of various committees has allowed me to meet amazing neighbors. The committees have been a good behind the scenes look at how things are done. With a background in technology, experience owning/managing residential properties, volunteer time on the Lakewood security and activities committees, as well as co-chairing Lakewood Shores Villas; I bring a fresh perspective to the board.
